

AUTO-AIR COLORS®

4600 SERIES CANDY – PIGMENT COLORS

Concentrated – Reduce Candy Pigment 3:1 4011 Flash Reducer

Candy – Pigments are transparent colors used for mid-coats over 4100 or 4300 Series Colors or as airbrush color. Colors are pigment-based, transparent colors, not dye-based (except for 4604 Brite Red), minimizing bleeding. Candied effect observed after top-coat, gloss clear applied. Add 4501 Hot Rod sparkle White to any Candy – Pigment for pearl-flake candy color.

Sets Available: 4oz. Sets. Several to choose from, contact us for current sets and prices.
